# WALTON CASUALS

World War two officially ended in September 1945 and the United Kingdom's newly elected labour government's top priority was to get all the people that had been conscripted, together with those that had enlisted on duration of emergency engagement into the armed forces and also those that had been called up to work full-time in the war emergency services, back into civilian life as quickly as possible. Unfortunately this demobilisation exercise was to take two years or more to complete but gradually over this period of time these people returned to their home towns and villages.

Our narrative starts on the council housing estate in Walton-on-Thames comprising Selwyn Green, Selwyn Road, Rodney Road, Cromwell Road and the top end of Ambleside Avenue which saw the gradual arrival home of these demobbed lads now called ex-service men. As their numbers increased they resumed their pre-war leisure activity of the football kick about on Selwyn Green. Looking for competitive football they decided to form a team to play then illegal Sunday football as the Football Association was not to recognise and authorise Sunday football until the 1960's. They decided to call this team White City F.C. as the outside walls of the houses on their estate were coloured white and for the next two seasons 1946-47 & 1947-48

played friendly matches against other illegal Sunday teams in the Walton, Hersham, Weybridge, and Shepperton area.

These White City lads used the Builders Arms, renamed the Wellington public house on the corner of New Zealand Avenue and the High Street as their local and in many discussions over a pint they decided they wanted competitive football. They wanted to become a legal Saturday club and play in league and cup competitions.

The inaugural meeting was held in the restaurant in the Builders Arms in July 1948 and the chairman of the meeting was Mr E.F. (TED) Johnson. The members present unanimously agreed they become a Saturday club but wished to continue with the name White City F.C. It was pointed out that the Surrey County F.A. were very strict on club names and also White City did not define the district were the club played, as it was a sports stadium in West London built in 1908 to host the Olympic Games. Further names were suggested and finally the name Walton Casuals Football Club was wholeheartedly agreed by the members present and our home ground would be Elm Grove.

The Casuals first season in competitive football was in the Surrey Intermediate

Central Division and the club's first game was against Watney's Sports Reserves, which they won 5-4. We finished in 9<sup>th</sup> place out of 11 teams though the team did reach a cup final played on Kingstonians old Richmond Road ground in which we lost 3-1 to Surbiton Town Res.

The Casuals remained in the Surrey Intermediate leagues up till 1969 and had reasonable success gaining promotion to the Premier Division in 52-53 season and finishing runners up on three occasions 54-55, 56-57, 64-65. Several club records still stand from those days, Ray Johnson's 7 goals in a game against West Byfleet Res in our 11-2 victory in February 1953, and the 1<sup>st</sup> team's highest score of 12-0 in 1953, this was later to be equalled in the Suburban in 1987. Several players also represented the league

side, the most notable being the late life vice-president Terry Woodyatt, also life vice-president Neil Virgo won the linesman's cup. In 1969 the Casuals joined the new Surrey Senior league and moved to their new home at Franklyn Road, just two years later the Casuals became founder members of the newly formed Suburban football league and stayed to the end of the 91-92 season, being the only first team to play in the competition as it was for most senior clubs reserve teams. Our first season in the newly formed league saw us play our home games at Walton & Hersham ground at Stompond Lane, then into Liberty Lane, home of Addlestone F.C., for eight seasons then returning to Franklyn Road where the res team had remained. Our first major honour came in the 1982-83 season as manager Kim Harris guided the club to the Suburban Southern

section championship while also setting a league record of an impressive 23 games unbeaten. Casuals could only manage a second place finish the following year to Sutton Utd.

The 1986-87 season produced another impressive display as the Stags reached the Surrey Premier Cup Final losing to a strong Croydon side in the final at Dorking.

After 23 years in the Suburban league the club decided to leave and join the English pyramid system and were elected members of the Surrey Senior League. After a year of consolidation major changes took place on and off the field at Franklyn Road. We became sole tenants of the sports ground and the ground became enclosed. Kim Harris returned as manager and the club expanded into Sunday and youth team football. In 2013-2014, the Fred's won the UHlsport Hellenic Premier title again, and this time with the appropriate ground grading in place, saw promotion to Division One (South and West) of the Southern League. The Fred's remained in the Southern League for 3 years, before seeing relegation back to the UHlsport Hellenic Premier League at the end of the 2016-17 season, at the same time the Reserves saw relegation to the 2nd Division of the Hellenic League. In 2018-19, the Fred's won the UHlsport Hellenic Premier title for the third time and regained their place in the Southern League, this time in the Division 1 Central section.

The club saw great success in the following years lifting the Surrey Premier league cup during the 93-94 season, defeating Holmesdale 2-0 after a replay. The following year the club finished runners up to Chobham

in the league and lost to Vandyke in the Premier cup final. While competing for the league and cup double major work was going on at the ground, hard standing round the pitch, covered stand for spectators and re designing of the dressing rooms plus boardroom. All requirements for us to be promoted to the Combined Counties League and become a Senior club.

Senior football proved tough for the Casuals and the early years in the league we were regularly in the bottom half, finishing bottom in 1996-97. Fortunately relegation was avoided as the Combined Counties League exercised its prerogative to maintain a minimum number of clubs in the premier division. In February 1999 flood lights were installed at the club with the financial help from local charities, a major step for us to maintain our progress up the league pyramid system. They were duly opened when a Brighton and Hove Albion team visited us later that year.

The appointment of Mick Sullivan and Garry Clarke as joint managers in the summer of 1999 brought a dramatic improvement in terms of results. As well as a 5<sup>th</sup> place finishing the league the club won the league cup in 2000 beating Viking Greenford in the final 4-2 at Farnborough. The following season was reasonably successful finishing 7<sup>th</sup> and losing in the league cup final to double winners Cove. Although 2002-03 proved to be disappointing with the club finishing a lowly 18<sup>th</sup> spot the seeds of success had been sown with Spencer Collins taking over as manager in November 2002. As a team capable of much better, things slowly begun to take shape. 2003-04 also saw Mr Tony Gale, ex-premier footballer and

Sky football pundit, become director of football at the club. Off the pitch the club was not standing still, fortunately with the newly formed A.F.C. Wimbledon in our league and large crowds wherever they went following them, there was big money to be made on our home games against them. We played them three times at home and gate receipts from those three games were around the £30000 mark and all the proceeds were spent on developing the ground. Further covered standing behind both goals including covered seating for 150 spectators were added, plus general work to the club house, all being ready for what we hoped would be our next step up the pyramid.

2004-2005 proved to be our greatest season to date, not only did we take the league by storm finishing 23 points clear at the top of the table but after initially failing an F.A. ground inspection the club launched a successful appeal and achieved the dream of promotion to the Ryman League Division one for season 2005-2006.

The 11 years we have now been in the Ryman league have been tough, only finishing in the top half on one occasion and we have had very little success in the F.A. Cup competitions but the future looks very bright for the Casuals. All being well the new sports hub at Waterside Drive should be ready for season 2007-2018. The sports hub will have two full size 3g pitches plus an 8 lane running track with a new spectator stand with all modern facilities plus up to 8 junior pitches for our junior section which has 35 plus teams and the first team has the strongest manager and back room staff since we joined the Ryman.

## THE CLUB BADGE

The present club badge is a modification of the club's original one introduced in 1973. The original badge, in addition to its other heraldic features, had centrally imposed on the shield a stag, standing and facing left.

The reason for the stag was twofold :

(1) In Walton (St Mary's) parish church there is an old brass which commemorates "John Selwyn gent keeper of her matis parke of Oteland vnder ye right honourable Charles Howard Lord Admyrall of England his good Lord and Mr.". On the brass it shows John Selwyn killing a stag, it is believed but not confirmed, during a visit by Queen Elizabeth 1st in 1587.

(2) In the 1920s when a newly-built council housing estate was erected in Walton-on-Thames John Selwyn was remembered when both Selwyn Green and Selwyn Road were named in his honour. It was on Selwyn Green that the founder members of Walton Casuals Football Club played their football and were inspired to form our club. In the early 1990's one or two new club members didn't realise that the club had a badge and designed a new one that didn't include the stag. When they were told of the relevance of the stag the new badge was changed and now includes a stag's head

# THE **NON-LEAGUE** PAPER

---

## C L U M N

---

Football hangs in the balance following the latest tightening of restrictions by the government which could last for six months in an attempt to limit the rise of coronavirus cases.

No sooner had the 2020-21 season kicked off at Steps 3 and 4 last weekend in front of limited crowds, did it look like it may be nearing its suspension.

The National League campaign had been scheduled to start on October 3 with the intention of fans being allowed back in grounds at Steps 1 and 2 but Prime Minister Boris Johnson confirmed on Tuesday (22nd) this would not be allowed to happen. It is believed the division will not start without fans.

Four test events had been scheduled to take place involving National League clubs in front of 1,000 fans and three of the friendly fixtures went ahead on Tuesday. Notts County against York City, scheduled for Saturday (26th), suspended ticket sales following the new restrictions pending further updates from the government and football authorities.

This is an ever-changing scenario and at the time of writing it is impossible to say what will happen next.

Local lockdowns in north England shows crowds in football grounds are on a knife edge.

At midnight last Thursday (17th), restrictions were introduced in the north-east aimed at halting the rise in coronavirus cases.

Then, the next day, similar measures were announced for large parts of Lancashire while Yorkshire and the Midlands were also seeing restrictions.

The responsibility lies with local authorities meaning there can be inconsistencies in different regions.

A joint-statement from the Northumberland FA and the Durham FA confirmed football below Step 6 in the Sunderland, Gateshead and South Tyneside areas is not allowed, but said clubs at Step 6 and above can play on for now although there is a possibility the 30 per cent capacities could be reduced back to 15 per cent.

As part of the measures, people are "advised not to attend amateur or semi-professional sporting events as a spectator", which has only added to a confusing picture.

Where the latest restrictions leaves football remains to be seen but never has it been more important for clubs and particularly fans from Step 3 and below to follow the rules and protocols in order to keep stadiums open.

Fans must cooperate with social distancing at games – clubs do not have the finance to deploy an army of stewards to make sure they are doing so at all times during games.
